Johnson Wants Saigon Mission Beefed Up

By JOHN M. HIGHTOWER
WASHINGTON (AP) — President Johnson has passed the word to aides that along with the assignment of his new top command team to South Vietnam, he wants the whole U.S. mission in Saigon beefed up as much as possible.

In taking a new look at the Southeast Asian crisis because of the resignation of Ambassador Henry Cabot Lodge, Johnson is said to have determined that the time has come for the United States to make a major effort, as some officials phrase it, "to turn the war around."

Some top authorities believe the firm leadership of South Vietnamese president, Maj. Gen. Nguyen Khanh, is beginning to show results, that improved U.S. techniques in training South Vietnamese forces is also showing results and that the ill effects in disorder and damaged morale of the political upheavals of last fall and winter are beginning to be overcome.

President Johnson, it is understood, had expected that Lodge, the kingpin of the U.S. organization and effort in South Vietnam, would remain on the job until August. But Lodge decided for what he has called purely personal reasons that he had to leave almost at once. He said he wanted to help Pennsylvania Gov. William W. Scranton in his effort to win the GOP presidential nomination. Johnson announced Tuesday the acceptance of the resignation which Lodge submitted last Friday.

At the same time, and according to a principle that had previously been adopted that there should be no gap between Lodge and his successor, Johnson announced an unprecedented.

Inspection Plan Proposed by the U.S.

GENEVA (AP) — The United States today presented a three-point inspection plan for "verification without intrusion" if the nuclear powers agree on a cutoff in the production of fissionable material for weapons.

The chief U.S. delegate, William C. Foster, told the 17-nation disarmament conference the American plan does not require inspection of nuclear stockpiles.

The plan is a followup to President Johnson's call on Jan. 21 for a cutoff. In April the United States and the Soviet Union announced mutual, unpoliced reductions of nuclear material for arms uses and Britain announced it had stopped all such production.

The proposed American system would subject three types of facilities to inspection: U-235 separation plants, which produce enriched uranium; nuclear reactors producing fissionable material, and chemical separation plants.

Poster stressed that there would be no need to inspect nuclear stockpiles, mines or refineries.

Any declarations on the existence of fissionable material plants concerning the storage or deployment of nuclear weapons, he said.

Pine Bluff Group to Build Pool

PINE BLUFF, Ark. (AP) — The National Patriots League has started a drive to build a swimming pool here for whites.

Officials said J. W. Buttram, an excavation contractor, offered Tuesday night to donate a two-acre site for the pool.

A 17-member committee was named to solicit donations. The league said the pool can be built if 500 families pledge \$25 each.

Public swimming pools in Pine Bluff were closed recently after Negroes attempted to integrate the Oakland Park pool.

Tells British to Withdraw From Borneo

By EDWIN Q. WHITE
JAKARTA, Indonesia (AP) — Soviet First Deputy Premier Anastas I. Mikoyan declared today British forces should be withdrawn from Borneo and a new sampling be taken of public opinion as to whether the people of Sarawak and Sabah support Malaysia.

In a speech to an enthusiastic crowd, Mikoyan again pledged Soviet support to Indonesian President Sukarno's campaign to crush Malaysia.

Sukarno spoke after Mikoyan and asserted that Indonesia was prepared to recognize Malaysia if another assessment is made of the wishes of the people of Sarawak and Sabah.

Sukarno criticized a U.N. mission which reported that a majority of the people of Sarawak and Sabah were in favor of joining Malaysia. The survey was made prior to the formation of Malaysia last Sept. 16 by merging those two states, Singapore and the Federation of Malaya.

Sukarno said the U.N. mission did the job in nine days "and we were faced with a fait accompli. Following this undemocratic ascertainment, Malaysia was proclaimed."

Mikoyan also rejected the U.N. findings.

In an earlier speech to the Indonesian Parliament, Mikoyan said threat of Soviet retaliation kept the United States from making large-scale war and ventured only "to make small-scale wars such as in South Vietnam."

Figures Many Disappearing Hoboes Are Now Living in Florida on Full Pensions

Morse, D-Ore.

RICHMOND, Va., (AP) — Not too long ago, I was asking what ever happened to all the hoboes. A good guess is some are living in Florida on pensions.

That's where Al Gamby is. He's a card-carrying hobo who rode the rods for nearly half a century before marrying in Milwaukee, Wis., and settling down to retirement in Bradenton, Fla.

Al, like myself, laments the passing of the hobo, and he is a little scornful of the bland imitations thumbing their way across America today. In his day a hobo wouldn't think of hitchhiking, but Al concedes that today's trains aren't made with the hobo in mind.

After I recalled in this corner the hoboes I'd known as a kid, Al hied himself down to the Bradenton Herald and talked to reporter Tom Geffs. Then he sent me a letter and a copy of Tom's story.

First of all, Al wants to clear up any misunderstanding about the difference between a hobo, a bum and a tramp. A hobo will work to help pay his way, explains Al, who put in his time as a waiter and a fruit picker.

Army Transport Crashes, Seven Soldiers Killed

RIDGEWAY, S.C. (AP) — Seven soldiers from Ft. Benning, Ga., were killed and 24 injured when an Army transport plane crashed on takeoff from a temporary airstrip northeast of Ridgeway about midnight Wednesday.

Maj. Paul Timm of the Ft. Jackson Public Information Office said five occupants of the plane were killed. The other 15 occupants were injured.

Timm said two other soldiers on the ground in the vicinity of the crash site were also killed. Nine soldiers on the ground were injured.

The cause of the crash was not immediately known.

Names of the casualties were withheld pending notification of kin.

The injured survivors were removed by helicopter and taken to the U.S. Army Hospital at Ft. Jackson.

The crashed plane was attached to the 10th Air Transport Brigade of the 11th Air Assault Division, Ft. Benning.

More Excise Tax Cuts May Be Approved

WASHINGTON (AP) — A bill Senate Finance Committee adopted today a proposal to cut excise taxes on furs, cosmetics, handbags and jewelry by \$260 million a year.

The cut was proposed by Sen. Eugene J. McCarthy, D-Minn., and adopted 13-3, as a substitute for a Republican proposal to repeal the taxes entirely.

The effect of the substitute is to shift the 10 per cent levies, which date from the first year of World War II, from a retail price to a manufacturer's price basis. The shift would take place Oct. 1, 1964.

Committee experts said this would mean a reduction in revenue of about \$260 million as compared with \$517 million if the four types of excises had been repealed entirely. They said the markup on such items averages about 50 per cent.

The committee also voted 12-5 to approve a House-passed bill raising the temporary national debt ceiling to \$324 billion for the fiscal year beginning July 1. It now is \$315 billion.

Nikita Irked About Tight Security

By RONALD THOMSON
STOCKHOLM, Sweden (AP) — Premier Khrushchev is getting restless and annoyed over the colossal security wall the Swedish police have put around him.

With thousands of patrolmen bristling with sabers and pistols in every disguise from cook to charwoman, Stockholm has been like an armed camp since the Soviet leader arrived three days ago.

A Soviet source said Khrushchev is beginning to resent the massive security curtain, keeping him from contact with the Swedish people.

His impatience was demonstrated during a visit to the shipbuilding center of Goteborg Wednesday. When a policeman thrust out an arm to guide him along his route, Khrushchev struck down the arm and gave him a black look.

No unauthorized person is allowed anywhere near the man from the Kremlin, and even accredited officials are sometimes turned away. Five thousand policemen and two companies of army commandos are everywhere—holding up traffic, blocking sidewalks, peering from rooftops, searching passersby, fussing through kitchens.

Fighting Again Breaks Out in St. Augustine

By STANLEY MEISLER
ST. AUGUSTINE, Fla. (AP) — Two persons were arrested today after a fight broke out during another attempt by Negroes to integrate the St. Augustine Beach.

The Negroes were escorted to the beach by state troopers and were met again by a group of whites standing shoulder to shoulder.

One Negro attempted to go through the line and was struck by a white man. Both were taken into custody.

The Negroes asked state officers to break up the line of whites and allow them access to the water. The officers refused.

When the Negroes attempted a flanking movement and the whites started to cut them off, the state trooper in charge ordered the beach cleared and the Negroes retreated to their cars.

The demonstration was the latest maneuver of integrationists whose leader, Dr. Martin Luther King Jr., has pledged no letup in a drive for racial desegregation at St. Augustine.

Industry Says Cigarette Ad Order Unfair

WASHINGTON (AP) — The tobacco industry today denounced the new federal rule on cigarette labels and advertising as unlawful, unwise, and unfair and said "we shall oppose it in the courts if necessary."

The rule, announced Wednesday by the Federal Trade Commission, would require tobacco manufacturers by next year to include a warning in cigarette labels and advertising that smoking may cause death from cancer and other diseases.

The industry's firm opposition to the rule was made clear by Bowman Ray, chairman of the board of the R.J. Reynolds Tobacco Co. as he testified before the House Commerce Committee.

A court challenge could mean years of litigation on whether the FTC rule could go into effect.

Paul Rand Dixon, chairman of the FTC, told the committee he hopes the industry will comply voluntarily, but he added: "They can take this rule to the nearest court and ask for a review. I'm satisfied this will happen."

Faubus in Crack About Newspaper

By THE ASSOCIATED PRESS
Gov. Orval E. Faubus made light remarks about a newspaper and about the Republican candidate for governor during speeches Wednesday at Blytheville and West Memphis.

At both cities, most of his talk was a review of his five terms in office.

Speaking to the Blytheville Kiwanis Club, Faubus said he would feel left out if the Arkansas Gazette didn't criticize him.

He said he agreed with Evangelist Billy Graham who said the United States should either try to win the war in Vietnam or pull out of the country.

"Of course the Arkansas Gazette criticized Graham for saying that, but then the Gazette also has criticized the American Legion and I'd feel left out if they didn't criticize me," Faubus said.

At West Memphis where he made an evening address to the West Memphis Junior Chamber of Commerce, Faubus said "I get my haircuts from barbers in Arkansas instead of New York."

He did not mention the name of Winthrop Rockefeller, GOP gubernatorial candidate, but Rockefeller has said he frequently gets haircuts while on trips to New York.

Mrs. Nhu Refused Entrance to U.S.

PARIS (AP) — Mrs. Ngo Dinh Nhu appealed today to President Johnson to overrule the State Department and allow her to enter the United States as a visitor.

The outspoken former First Lady of South Vietnam wrote to the President after announcement Tuesday that her request for a visa had been refused.

Mrs. Nhu, sister-in-law of the late President Ngo Dinh Diem and widow of Saigon's onetime chief of internal security, sought the visa to speak July 7 at a "truth rally" of the Conservative Party Club of Flushing, N.Y.

Embassy officials disclosed Mrs. Nhu's application for a visa had been rejected on instructions from the State Department under a section of the immigration and nationality law which bars visas for persons whose activities are considered likely to prejudice public interest or endanger the welfare, safety or security of the United States.

Family Claims the Body of Joe Kirby

TEXARKANA, Tex. (AP) — The family of Joe Kirby, a Texarkana insurance man who disappeared three years ago, said Wednesday that a body found Friday at Lake Texarkana was the body of the missing man.

Jack Kirby, brother of the missing man, said a shoe and belt found on the skeleton at the lake were the same size and style as his brother wore. The body had no appendix, and his brother had had an appendectomy, Jack Kirby said.

The Kirbys said in a statement that "from what we have seen of the remains and from reports on the findings of the FBI, we feel positive that the body is that of Joe Kirby."

The body was released to a funeral home for burial by the Kirbys.

Kirby walked out of his house one night and never returned.

Arkansas Girl Named Dairy Princess

CHICAGO (AP) — Wilma Lea Blevins, 23, a University of Arkansas graduate from Harrison, Ark., was picked by the American Dairy Association Wednesday as American Dairy Princess.

Miss Blevins, who taught home economics last year at Decatur High School, will receive a \$1,000 cash scholarship and a wardrobe for her year-long tour as a dairy industry spokeswoman.

Miss Blevins, one of 21 state finalists, was named Arkansas Dairy Princess in June of 1963.

She lives on a dairy farm seven miles northeast of Harrison with her parents, Mr. and Mrs. Elmer Blevins. They have a 640-acre farm with 35 head of Jerseys which produce 120,000 pounds of milk a year. Miss Blevins learned to milk cows when she was 5.

She was a member of the 4-H and Future Homemakers of America for nine years and won 10 blue ribbons for cooking, food preservation, gardening and clothes making.

While at the university, she was named one of the Associated Women's Student Association's outstanding women, was Alpha Gamma Rho fraternity sweetheart and was "Agri-Queen" during her senior year.

Miss Blevins had planned to return to the university to get a master's degree, had she not won the national title.

Among her hobbies are bowling, cooking and sewing.

Shot to Death

ELAINE, Ark. (AP) — Calvin White, 8, a Negro, was shot to death at his home near here during a game of cops and robbers Wednesday. Deputy Sheriff Basil Jones said the victim and Charles Mathes, 10, a cousin, were playing when Mathes shot the younger boy with a 12-gauge shotgun. The Mathes boy said he thought the gun wasn't loaded.

After the commission's acceptance Wednesday of the design, a letter was made public stating that the five surviving Roosevelt children are "unilaterally opposed" to the plan for a memorial based on an arrangement of eight great concrete tablets up to 130 feet high.

Rep. James Roosevelt, D-Calif., as spokesman for the family group, addressed the letter to Francis Biddle, chairman of the Franklin Delano Roosevelt Commission, and William Walton, chairman of the Fine Arts Commission. He said the five Roosevelt children met at Hyde Park, N.Y., last Sunday and agreed unanimously that they did not like either the original design submitted by the commission in 1961, or the modification.

The Roosevelt children made one special request—that any memorial include groves of trees "in recognition of the tremendous feeling Franklin D. Roosevelt had for trees and his great interest in their conservation."

Fear Mounts Missing Trio Not Alive Now

WASHINGTON (AP) — President Johnson ordered 200 Marines to join the search today for three civil rights workers missing in Mississippi.

The President's order was announced by George E. Reedy, White House press secretary, who said the Marines were being moved into the search area near Philadelphia, Miss., from Meridian, where he said they had been based.

Asked how long the troops had been at Meridian, and whether they had been brought there on a standby basis, Reedy referred all inquiries to the Defense Department.

In addition to the 200 Marines, Reedy said, eight military helicopters will join an augmented force of FBI agents, federal marshals and state patrolmen in hunting for the three youths who vanished Sunday night. Their fire-gutted station wagon was found Tuesday on the edge of a swamp near Philadelphia.

By MICHAEL SMITH
PHILADELPHIA, Miss. (AP) — Federal and state officers renewed their intensive search at daybreak today for three missing civil rights workers and planned dragging operations in several bodies of waters in this east-central Mississippi area.

As fear mounted that the three workers would not be found alive, a highway patrol spokesman said searchers would check all buildings, outbuildings and recent excavations.

"There is still no indication, no definite leads for us to go on," said Art Richardson, public information officer for the Mississippi Highway Patrol.

Grady Gilmore, public relations director for the patrol, said earlier: "It is hard to believe that three people could just be swallowed up without

Memorial Design to FDR Rejected

Amateur Play Used by Many Pro Golfers

By FRITT HOWELL
Associated Press Sports Writer

CLEVELAND (AP) — Arnie Palmer and Jack Nicklaus used the National Amateur Championship as a stepping stone to golf's golden glory—and now comes Cabron Harris Jr., 1962 king of the play-for-fun group, to make his bid.

The 190-pound, 6-foot-3 Oklahoman, who surrendered his amateur status just two months ago, is making a run at the established stars.

In three tournaments he has finished in the money twice to the tune of \$1,300, and he hopes to boost that figure in the \$100,000 Cleveland Open, which started today over Highland Park's 6,821-yard, par 71 layout. The 22-year-old Harris, a mathematics graduate of Oklahoma State University, where his dad has been golf coach since 1941 has a dollarsign in his eye in his realistic approach to the game.

"I like to play golf, and I wouldn't have much chance to play as an amateur," he said. "The next 10 years would be required for me to set myself up in some sort of business, and I'd have to give all my time to it. But I think I can make a good living at golf. If I can't I'll find out in a hurry."

Noting that Nicklaus and Palmer, both former amateur winners, were currently 1-2 in the money won list, Harris said, "They are great golfers. You can't compare my game to theirs."

Harris did not play in Wednesday's pro-amateur preliminary in which Don Fairfied got a big break and \$800.

Fairfied was not among the 50 pros certified by the PGA but was called in off the practice course to replace injured Ed Furgol. Fairfied and three public links partners carved out a best-ball 59 despite a 77 by Don and it stood up for the big prize.

In the individual scoring race, Bill Collins, Harold Kneese and Bobby Nichols picked up \$833 for scores of 69.

McKinley Is Pressed But Wins

By JOHN GALE

WIMBLEDON, England (AP) — Wimbledon tennis championships — packed so far with hairbreadth escapes — are also living up to their colorful reputation as an arena for giant killers.

With only three days play complete, three of the men's seeds already have been vanquished.

In addition, the personal ambitions of several much fancied players including the reigning champion Chuck McKinley from San Antonio, Tex., have been rudely threatened by brash and young up-and-comers on the international tennis circuit.

The perils of Pauline have nothing on Wimbledon these days. Any ranking player can expect trouble in almost any round.

McKinley's close shave came at the height of battle with Tom Koch, the 19-year-old Brazilian in prospect who is rated in some quarters as a top player of the future.

At two sets all with Koch leading 1-0 and 40-30 against service in the fifth, the champion struggled to survive. He made it — but with not much to spare — 3-6, 6-3, 6-4, 5-7, 6-4.

The record contrasted oddly with McKinley's Wimbledon performance last year when he went through the tournament without dropping a set.

The three seeded players already out are Dennis Ralston, No. 5, from Bakersfield, Calif., Italy's Nicola Pietrangeli, No. 7,

Ralph Elderidge of Palestine, was charged with negligent homicide and his bond set at \$1,000.

the commission's authority to enforce the ruling. He said he thinks the manufacturers will take steps immediately to challenge it.

Dixon estimated that if the industry goes to court it will take four years of litigation before the rule can go into effect.

The FTC, in the rule announced by Dixon Wednesday requires all cigarette manufacturers to label their products by Jan. 1 with a warning "that cigarette smoking is dangerous to health and may cause death from cancer and other diseases."

The commission set a July 1, 1965, deadline for this warning label to be included in all advertising, although it said it would postpone this deadline if the industry could convince the commission that it had changed its advertising in such a way to make the requirement unnecessary.

The announcement was reflected at once in the stock market. While the New York Stock Exchange list was scoring its best advance in a month, prices of major tobacco stocks slipped 75 cents to \$1.50.

somebody hearing or seeing them."

The trio was last seen Sunday night. The charred hulk of the station wagon they used was found by FBI agents in a swampy area near a lonely road late Tuesday.

Allen Dulles, sent to Mississippi to gather information for the White House on the missing workers, conferred at Jackson with Gov. Paul B. Johnson.

Dulles, former director of the Central Intelligence Agency, said he did not plan to come here. He told newsmen that "President Johnson asked him to 'come down her can talk with Gov. Johnson and get first hand his view of the problems here on law enforcement.'"

The governor praised Dulles, saying "men like him are here for the purpose of doing good. He has a carte blanche anywhere in Mississippi."

The civil rights workers—Michael Schwerner, 24, and Andy Goodman, 20, both of New York and James Chaney, 22, a Negro from Meridian—were last seen Sunday night when Chaney paid a \$20 fine for speeding.

They were in the Philadelphia area in central Mississippi to check into the burning of a Negro church used for civil rights rallies.

FBI agents joined in the search for the trio on Tuesday. The Highway Patrol said more than 200 persons were questioned during a house-to-house probe Wednesday that was halted by rain and darkness.

Art Richardson, a patrol spokesman, said officers would fan out on foot today from Philadelphia to comb the entire county for clues.

economic assistance also will be sent to Saigon on top of a routine change of personnel which was already scheduled.

Joseph L. Brent, director of the aid mission, is being replaced by Stuart H. Van Dyke, formerly a director in Turkey. Both men are long experienced in foreign aid operations overseas and both rank high in their agency, according to officials here.

But what the Johnson administration is now said to be seeking is a kind of super staff of high powered talent with brains and reputation in combination to produce outstanding results and the maximum possible improvement in the situation.

said the attempt by Negro comedian Dick Gregory and three Negro integration leaders to enter the search area delayed operations Wednesday.

Later, Gregory offered \$25,000 in borrowed money as a reward for the arrest and conviction of those responsible for the disappearance of the three workers. Gregory said he borrowed the money from a Chicago magazine publisher.

In Washington, some 2,000 delegates to the National Association for the Advancement of Colored People convention marched around the Justice Department building in silent protest over the disappearance of the trio.

Job Stress Linked to Heart Disease

By WILLIAM C. HARRISON

SAN FRANCISCO (AP) — A New York heart specialist, reporting on a survey of 12,000 professional persons, said today that job stress is closely linked to coronary heart disease — but smoking may not be.

The survey covered 14 occupational groups with "obvious differences" in job tensions, said Dr. Henry I. Russek, consultant in cardiovascular disease, U.S. Public Health Service hospital, Staten Island.

Dr. Russek listed those surveyed in order of decreasing stress: General medical practitioners, anesthesiologists, pathologists, dermatologists, general dental practitioners, oral surgeons, orthodontists and periodontists, general law practitioners, trial lawyers, lawyers in various specialties and patent lawyers.

In addition, he said, security analysts and security traders on the New York Stock Exchange were compared.

Persons who said they never had smoked showed significantly higher coronary heart disease rates than those who stopped smoking before their attack or before the time of the questionnaire if there was no attack. Dr. Russek reported at the annual convention of the American Medical Association.

"These findings cast doubt upon the alleged role of smoking in the genesis of coronary heart disease," he said.

Dr. Russek's report followed a statement by the AMA's House of Delegates saying that the AMA recognizes "a significant relationship between cigarette smoking and the incidence of lung cancer and certain other diseases, and that cigarette smoking is a serious health hazard." But it didn't mention heart disease specifically.

Some Progress in Strike Talks

CONWAY, Ark. (AP) — The Federal Mediation and Conciliation Service said some progress was made Wednesday during a first meeting between the Steelworkers Union and officials of the Virco Manufacturing Co. here.

The plant was struck by the steelworkers June 15 because of contract disagreements.

Three employees reported Wednesday that someone had smashed windshields and rear windows in their cars. One of the three was not a union member and two were union members who did not strike.

Last week two pickets at the plant were hit by cars, but were not seriously hurt.

The company has continued production of chairs and tables.

Negro Girl Has Become a Nun

FORT SMITH, Ark. (AP) — A Negro girl from Jacksonville, Fla., Mungenia Delores Mungin, 20, became a Benedictine nun here Wednesday, apparently the first of her race to become a nun in Arkansas.

The girl became Sister Maria DePorres, named for the mother of Jesus and for Martin DePorres, the first Negro of the Americas to be canonized. DePorres was proclaimed a saint two years ago. He worked in Peru in the 17th Century.

Ten white girls also became nuns in a two-hour ceremony at St. Scholastica Chapel.

The Most Rev. Albert L. Fletcher, bishop of the diocese of Arkansas, presided at the ceremony.

Mother Janes Frances, superior of the convent, said Sister Maria DePorres was apparently the first Negro to become a nun in the state.

Nuns from the convent work in hospitals and parochial schools in Arkansas, Missouri and Texas.

Five in Family Die in Wrecks

DUMAS, Tex. (AP)—Five of Mr. and Mrs. Isaac Solomon's nine children have died in traffic accidents.

Two sons died Wednesday night when their car struck a parked pickup truck. Three other children were killed in a wreck five years ago.

The latest accident took the lives of David Lee Solomon, 13, and John Edward Solomon, 22. The family lives in Sunray, Tex.

Money Pledged to JFK Memorial

DALLAS, Tex. (AP) — More than \$100,000 has been received or pledged in contributions to the Dallas John F. Kennedy Citizens Memorial Drive.

Dr. Luther Holcomb, committee secretary, said more businesses and individuals will be contacted to raise funds for a memorial plaza two blocks from the assassination site.

Thousands of donor signatures will be recorded on scrolls.

Bucket seats? On the Scout?

There are probably thousands of farmers, construction men and store owners who like the SCOUT because it's a tough, powerful utility vehicle that's easy on gas and goes anywhere.

But we hear from more and more people who bought a SCOUT for pure fun. Outdoor people... suburbanites... hunters and fishermen who don't want to stop going just because they've run out of road.

The sporty bucket seats (and the full width removable back seat) are for them.

And if you think that's getting too fancy for a utility vehicle, take a SCOUT on a pleasure cruise. You never had that much fun with a utility vehicle.

Station has established added coverage with new 1800' tower!

(Current rating books do not reflect this added coverage)

KTBS-TV is the only station now reaching the entire expanded Shreveport, Louisiana market area. Its newly-constructed 1800-foot tower is the tallest in the area, has been in operation since June 1 and has enlarged the station's reach from 371,700 to 431,700 TV homes*, an increase of 60,000 TV homes. Some 8,000 square miles have been added to its coverage in Louisiana, Texas, Arkansas and Oklahoma. Since the tower is located at the previous tower site, receiving antennas do not have to be re-oriented. Specify KTBS-TV, Channel 3, Shreveport, Louisiana, for coverage that exceeds any other medium in this four-state area.

6.5 Million Chicks Started

LITTLE ROCK (AP)—Arkansas producers started 6,522,000 broiler chicks in the week ended June 20, the Crop Reporting Service said today.
This was 1 per cent more than started in the previous week. All but 567,000 of the placements were hatched in Arkansas.

Susan Diane Helms

LITTLE ROCK, ARK.—Miss Susan Diane Helms has been named associate home demonstration agent for Jefferson county, according to an announcement by Director C.A. Vines, Agricultural Extension Service, University of Arkansas. The appointment, subject to the approval of the President of the University of Arkansas, is effective July 1.

Miss Helms attended University of Colorado and University of Oklahoma and received her Bachelor of Science degree in home economics from Iowa State University in November, 1962.

Before coming with the Extension Service, Miss Helms taught school in Pulaski county and was home service advisor with Arkansas Power and Light Company in Little Rock.

Miss Helms was born and reared in Hope and is the daughter of Mr. and Mrs. Lex Helms, Jr. of that city. She was a 4-H Club member for three years. Miss Helms is a Presbyterian. Extension work is designed to provide educational assistance to people in the counties on agriculture, home economics and related subjects. The Extension Service is administered by the University of Arkansas, Vines said, and he explained that the work is supported jointly by the county, state and federal governments.

Scranton Lashes at Goldwater

By RICHARD L. GRAVES

MIAMI, Fla. (AP)—Nomination of Sen. Barry Goldwater for president would spell defeat for the Republican party this fall, says his chief rival, Gov. William W. Scranton.

"It is sound judgment that his candidacy would set up our party for a defeat of major proportions," the Pennsylvania governor told a news conference Wednesday.

"But if Sen. Goldwater is nominated, I will work for him

and support him no matter whatever long odds there are against his being elected," Scranton said.

He made the statements enroute from Charleston, W. Va. to Miami. In both Florida and West Virginia he sought delegate support for his campaign.

In Miami, Scranton addressed 16 Florida delegates at a meeting of the Florida Association of Broadcasters. Scranton gained no promise of support from the delegates, but got a standing ovation. Twenty-one members of the 34-vote delegation favor Goldwater. The others are uncommitted.

In his address to the broadcasters Scranton proposed that the United States organize and equip Cuban exile forces fight-

ing to free their homeland of the Communist government of Fidel Castro.

At the news conference, Scranton said: "Since in politics almost anything can happen, it would not be impossible for Sen. Goldwater to beat (President) Johnson in November."

"But there is such a thing as playing with odds so long that only the most optimistic partisan would have anything but a glimmer of hope."

"I believe that would be the position of the party with Barry as a candidate. It is not possible to exaggerate the tremendously difficult task to get him elected."

Goldwater has more than enough delegates to capture the

nomination if his support holds up through the first ballot at the San Francisco convention. Scranton pointed his air tour today at delegates in Cleveland, Ohio, and Lansing, Mich. Ohio's 56 votes are pledged to favorite son Gov. James A. Rhodes. Forty-five of Michigan's 48 delegates are uncommitted. Goldwater has the other three.

San Diego Captures 3rd Striaight

SAN DIEGO, Calif. (AP)—Southpaw Ted Wills held Arkansas to four hits Wednesday night as San Diego took its third straight Pacific Coast League game from the Travelers 4-1.

It was Wills' fourth win, while Gary Kroll took his sixth loss for the visitors. Wills fanned nine.

The Padres clinched the game with three runs in the second inning on doubles by Art Shamsky, Gus Gil and Wills, a walk to Terry Banderas and a passed ball.

Wills had a shutout spoiled in the sixth when Adolfo Phillips reached second on two errors by shortstop Chico Ruiz and Alex Johnson singled.

The Travelers, defeated in their last seven games, have scored only one run in 19 innings. The Padres are on a four-game winning streak.

Hope and Little Rock Split Doubleheader

Little Rock's YBMA Baseball team came into Hope Wednesday night with a 23 and 1 record and 7 consecutive victories and left 24 and 2 as the locals managed to take the second game of a double header on stout pitching and good defensive play.

Little Rock took the first game 1 to 0 and Hope won the second by the same score.

In the first game, French of Little Rock and Jordan of Hope locked up in a pitching duel in which French faced only 24 batters and Jordan 25. Little Rock's lone run came in the 7th and last inning when Callaway reached first on an infield error, advanced on a slow roller and scored on Rath's single to short left. In the 6th, Taylor doubled for Little Rock, and advanced to third on Tanneburg's slow roller to 2nd base. Then Lemons flied to deep left, Taylor tagged up to attempt to score, but George Jones fired a rifle shot from left field and Jerry Burnett was waiting to put the tag on Taylor at home plate.

Burnett and Thrash each singled for Hope and Taylor led Little Rock with a single and a double. French gave up two hits and Jordan yielded only 3.

The second game followed the same pattern with Jones of Hope and Davis of Little Rock locking up in another pitcher's duel. Ronnie Ingram singled in the 3rd and Hope went for the one run. Jerry Burnett bunted him to second, and Richard McDowell hit a shot in the hole in right center scoring Ingram, and that was all the scoring for either side. Little Rock had two men to reach second and one to reach third.

Ingram, Burnett, Jordan, McDowell, Henley and Russell each got one hit for Hope. Taylor led Little Rock with 3 for 3. Davis gave up 7 hits and Jones yielded 6.

Little Rock, one of the best defensive ball clubs ever to play here, handled 27 chances without an error.

Phils Send Hurler to Oregon Club

PHILADELPHIA (AP)—The Philadelphia Phillies sent pitcher Dave Bennett to their Eugene, Ore., club of the Northwest League on 24-hour recall Wednesday night.

Bennett, brother of the Phillies' Dennis Bennett, appeared in one game for one inning, and gave up two hits and a run.

L.A. Explodes on the Braves by 15-4 Score

By DICK COUCH

Associated Press Sports Writer

Walter Alton didn't appreciate the beating his Los Angeles Dodgers took in the National League All-Star poll the other day but it's unlikely he'll demand a recount.

Alton will take base hits over the season, exploded for the second time in three days Wednesday, burying Milwaukee 15-4 behind a 19-hit barrage good for 32 title bases.

The offensive binge was the biggest thus far for the world champions, topping their 15-hit output in Monday's 10-9 victory over the Braves.

The contributions of Maury Wills and John Roseboro to Wednesday's route undoubtedly soothed Alton's feelings further. The manager was particularly miffed when neither was named to the first or second All-Star teams.

Wills stroked four singles and drew a walk in five times at bat, scored three runs, drove in one and stole his 24th and 25th bases. Roseboro hit a home run, his second of the season.

Elsewhere in the NL, Philadelphia outlasted Chicago 9-8, San Francisco shaded Cincinnati 2-1, Houston trimmed St. Louis 7-5 and Pittsburgh topped New York 3-1.

In the American League, Baltimore beat New York 7-4, Chicago clubbed Boston 8-1, Detroit downed Kansas City 9-5, Los Angeles defeated Washington 9-5 and Minnesota divided a doubleheader with Cleveland, winning 3-2 after a 12-3 loss.

The Dodgers' assault on five Milwaukee pitchers helped Don Drysdale breeze to his 10th victory. The big right-hander chipped in with a single and double and drove in a run.

The victory left Los Angeles one victory short of the .500 mark and 2½ games behind fourth-place Cincinnati.

It also bolstered Alton's case for adding several Dodgers to the All-Star squad he'll manage against the American League on July 7.

John Herrnstein's seventh-inning home run proved decisive for the league-leading Phillies, who blew an early 5-1 lead. Richie Allen hit a three-run homer for the Phils, his 14th of the year, and Ernie Banks poked his eighth for the Cubs, tying Joe DiMaggio for 13th position on the all-time circuit list.

Orlando Cepeda's two-run homer backed the 14-strikeout, seven-hit pitching of Ron Herbel in the Giants' victory over the Reds. Herbel's strikeout total was a single-game high in the NL this season.

Houston scored six runs in the seventh, overcoming a 3-1 deficit and chasing St. Louis starter Ray Sadecki. Singles by Mike White, Joe Gaines and Nellie Fox delivered three runs. Jerry Grote singled in two more and the sixth scored on reliever Mike Cuellar's throwing error. White paced the Colts' attack with four hits.

Bob Friend set down the Mets for the 12th straight time in his career but needed relief help from Al McBean after Joe Christopher homered in the ninth. Willie Stargell drove in two Pirate runs and Dick Schofield knocked in the third.

Pop Ivy Added to Giants Staff

NEW YORK (AP)—The New York Giants of the National Football League have added Frank (Pop) Ivy, former head coach in the NFL, American and Canadian leagues, to their roster of talent hunters.

Ivy, 48, signed Wednesday to scout for the Giants in the Southeast Conference and Big Eight Conference areas.

Smith Big Gun for Angels; Yankees Lose

By MURRAY CHASS
Associated Press Sports Writer

Willie Smith is in a rut, and the Los Angeles Angels hope it gets even deeper.

Smith, a refugee from the pitcher's mound, delivered the game-winning hit for the third consecutive night as the Angels whipped Washington 9-5 Wednesday.

The newly converted outfielder drove in five runs with a homer and a triple, lifting Los Angeles to its eighth straight victory, longest streak in the majors this season and longest in the team's 3½-year history.

The home run, his third, came in the seventh inning after Vic Power singled and Jim Fregosi walked and wiped out a 5-3 deficit. He added a triple in the eighth, again sending in Power and Fregosi.

The night before, the 25-year-old Smith socked a two-run homer for a 2-0 Angels' victory and Monday night he singled home the deciding run.

The Angels' spurt has left them in eighth place in the American League but has placed them only two games away from fifth. A victory over Kansas City tonight would vault them into a tie for sixth.

Smith's latest performance was an abbreviated one — he didn't enter the game until the fifth inning. Still he raised his batting average 21 points to .340 and increased his RBI total to 15 in 50 times at bat.

Despite his monotonous onslaught, Smith proved he is fallible. When he appeared as a pinch hitter in the fifth, he reached first base only because of an error.

And after lashing the triple, he was picked off third by catcher Mike Brumley as Bob Duhai struck out.

In other AL games, Baltimore defeated New York 7-4, Chicago trounced Boston 8-1, Detroit battered Kansas City 9-5 and Minnesota nipped Cleveland 3-2 after losing 12-3.

Grid Game Slated for Sat. Night

BUFFALO, N.Y. (AP) — If speedy Bob Brown should happen to bump someone a little hard Saturday night, that someone might not bounce up again very quickly.

Brown, a guard at Nebraska, weighed in at 290 pounds Wednesday as he joined his mates on the West team in their daily drill for the fourth annual All-America football game, to be played in War Memorial Stadium.

Brown, a 22-year-old from Cleveland, stands 6-5 and hopes to make the grade with the Philadelphia Eagles of the National Football League.

Before touring Niagara Falls with his teammates and the East team's players, Brown and the other 56 gridgers here went through their fourth day of workouts.

Midway through the East's practice, Coach Pete Elliott of Illinois took a few seconds to press for more drive.

He noted that, after drilling in 92-degree temperature Tuesday, the players appeared to be lagging in Wednesday's 70 degrees.

Only a few words were needed from Elliott to put life into the East's workout, which was concentrated on punts, punt returns and passing.

The West worked hard on its pass defense and ground game. The kickoff for the nationally televised game by ABC is set for 8:30 p.m., EST. A crowd of 25,000 is expected.

and Jerry Adair to score. Kirkland raced to third from where he scored on Dick Hall's bunt.

Gary Peters hurled a five-hitter for his eighth victory against three defeats for Chicago. Ron Hansen's two-run inside-the-park homer in the fourth first triggered the triumph. Boston rookie Tony Conigliaro fell into the left-field stands trying to catch Hansen's drive.

Congigliaro was unconscious for a while but recovered before going to the hospital where preliminary X rays revealed bruises of the left ankle, knee cap and wrist.

The Tigers outslugged the Athletics on the hitting of Gates, Brown, and Dick McAuliffe. Brown hit two homers for three runs batted in while McAuliffe drove in three with two singles and a homer. Rocky Colavito sparked a five-run Kansas City fourth inning with a three-run homer.

Max Alvis led the Indians' first-game attack, hitting two homers, one a grand slam in the six-run third. Al Smith drove in three runs, two on a homer in the fifth. Dick Donovan scattered eight hits in going the distance.

Dick Stigman gave up six hits and struck out 12 in the Twins' triumph. Sam McDowell lost his first game after winning three. Minnesota scored the deciding run in the fifth when Rich Rollins doubled, went to third on a sacrifice bunt and scored on Harmon Killebrew's sacrifice fly. Bob Chance hit a two-run homer for Cleveland in the fourth.

NEW YORK (AP)—Nigeria's Dick Tiger, the former middleweight champion, arrived unexpectedly Wednesday to check on his chances of getting a return title bout with Joey Giardello.

Giardello dethroned Tiger on a 15-round decision in Atlantic City, N.J., last Dec. 7. The new champion promised to give Tiger the first crack at the title.

Striker Hit by Automobile Is Injured

CONWAY, Ark. (AP) — Joseph A. Hartsfield of Greenbrier was struck by a car Monday and slightly injured as he walked a picket line at the Virco Manufacturing Co. here.

It was the second time in three days that a United Steelworkers Union picket has been struck by a car. The union struck the furniture manufacturing firm last Monday after contract negotiations broke down.

Picket Homer Osborne was struck by a car driven by Jerry Cullen of Conway Saturday. Cullen was fined \$100 for leaving the scene of an accident.

Osborne was not hurt and Cullen appealed the fine.

Plant foreman Wendall Gibbs was charged with aggravated assault and failure to yield the right of way following Monday's accident. He was released on \$500 bond.

Municipal Judge Rolland A. Bradley said Gibbs' case had not been docketed because Hartsfield was still hospitalized.

The Steelworkers Union contends Virco refuses to negotiate a contract. Contract negotiations had been under way for 1½ months before the union struck.

Virco officials said the plant would return to a six-day work week this week using non-union employees.

Gurdon to Get Trailer Plant

GURDON, Ark. (AP) — The Gurdon Chamber of Commerce announced Monday that Mobile Homes, Inc., of Henderson, N.C., will locate a \$120,000 trailer manufacturing plant in Gurdon. The city will provide a 140 by 200 foot building.

I got a cab and told the driver to take me to Cost Plus on Taylor Street.

We reached the store and the driver pulled into the curb. I leaned forward.

"Keep the flag down," I said. I got out enough money to cover the amount on the meter and handed it to him. Then I added a five-dollar bill. "I want something for it," I said.

"What?" he asked.

"Leave the flag down and wait for 10 minutes. Then throw the flag up and take off with the five bucks."

"Somebody following you?"

"That's right. But he won't bother you."

I got out of the cab noticing that their cab was about 40 feet back and waiting. I nodded to the driver and went into the store. I started through it and then stopped at a counter. I bought an Italian wine liter. "Is

there another way out of the store?" I asked the salesgirl, "than the Taylor Street entrance?"

"That way," She pointed.

I followed her directions and soon found myself out on another street. I didn't bother to see what street it was. I was in luck. A passenger was just getting out of a taxi. I climbed in and told the driver to go to Broadway. I had checked several times, and I was sure we weren't being followed. Then I told the driver I wanted the Club Moretti.

When we reached the club, the front door was immediately opened by a man I recognized as the head waiter of the night before.

"The boss is in the office," he said.

Pete Moretti was busy at his desk, but he leaned back and smiled when he saw me.

"You know," he said, "I never guessed there was so much

paper work in this racket or I might've stayed out of it."

He poured a drink and handed it to me. "I got something for you, not much, but it's all I could dig up. It wasn't easy at that. You ever hear of Manny Roberts?"

"Sure. The bookie king of the east coast."

He nodded. "He's in New York and he's got at least a piece of the action around there. Manny's got New York City and up the river about halfway to Albany. It ain't a bad territory."

"I guess not," I said with a smile.

"Well, that's where your Rako went. He was sent there by a fellow I know here. All he did was to pass Rako along to Roberts. He doesn't know what happened after that."

"This fellow tied in with Johnny Clark?"

"No. He has his own things going for him. But Rako must've come pretty well recommended or he wouldn't have gotten in even to see this guy."

"Well, thanks Pete."

"Just forget where you learned it." He pushed a button on his desk. "And watch your step with Dell and Potti. They're both bad boys to tangle with."

I followed the head waiter to the back door. He opened it and looked out. "Everything's clear," he said.

"Thanks, Mario."

I stepped out and saw the taxi parked there. I went over and climbed in. I told him to take me back to the hotel. I stopped at the desk.

"I'd like to get a plane to New York tonight or the first thing in the morning. Will you take care of it for me?"

"Certainly, sir. There's a jet leaving at midnight that will get you in early in the morning New York time."

"Fine. The name's Milo March. Oh, by the way, do you know if Mr. Dell and Mr. Potti have returned to the hotel?"

"Oh, yes, they returned some time ago. As a matter of fact Mr. Dell checked out about an hour ago."

"That caught me off base. Checked out?"

"Yes. I believe he said something about a sudden appointment in New York. Anyway, we were able to get him on a plane almost at once."

"And Mr. Potti?"

"I believe he's in the bar, sir."

Upstairs, I sat down to wait. So Jerry Dell had gone ahead to New York. I'd have only one of them on my tail, but I'd have the other one step ahead of me. I didn't like that, even though it meant that the trail was getting warmer.

The phone rang. It was the clerk. "I have booked you on the midnight flight, Mr. March. You can pick up your ticket here."

I hung up and started packing. When I'd finished, I went downstairs. I stopped at the desk and paid my bill and picked up the airplane ticket.

"I left my luggage in the room," I said. "Have a boy pick it up and bring it down here. I'm going to have dinner in the hotel dining room and I'll leave later."

Police Jail Red Schooled Negro Girl

NEWARK, N.J. (AP) — Huldah Clark, a Negro girl who attended school in the Soviet Union, was arrested Tuesday night for allegedly interfering with police who were taking her younger brothers into custody.

Miss Clark, 17, denied the accusation early today after her release, along with her brothers, in their parents' custody.

Police said the brothers, 9 and 14 year old, were picked up for throwing firecrackers. They said Miss Clark tried to pull the boys out of a police car.

"I only asked them to wait and let me call my father downstairs," Miss Clark said.

The incident occurred near the Clark home.

Miss Clark and her brothers were charged with juvenile delinquency.

Miss Clark's schooling in Moscow during 1961-62, came about after her father, William Clark, met Soviet Premier Khrushchev in 1960 when Khrushchev attended the United Nations session in New York.

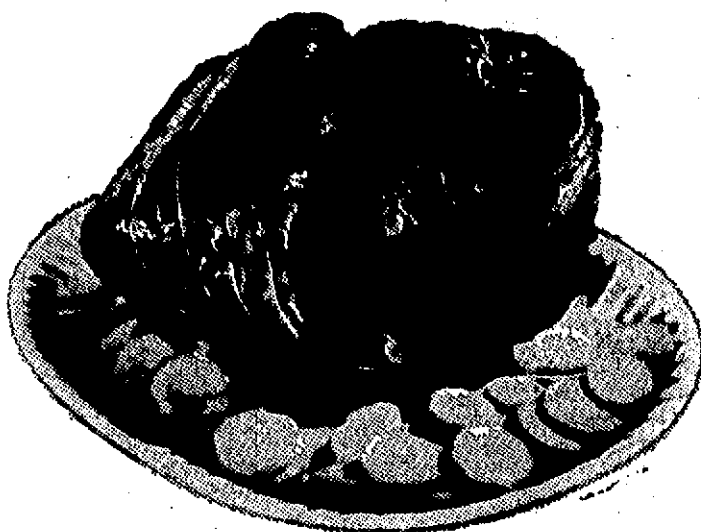

Clark complained of "Jim Crow" education here and Khrushchev offered the daughter free schooling in the Soviet Union.

Workers Vote Against Union

FORT SMITH, Ark. (AP) — Employees of the Hickory Springs Manufacturing Co. voted 122 to 52 against representation by the United Furniture Workers Union, plant manager Bob Mangum said Monday.

Five votes were challenged and not counted but they could not change the outcome.

Sees Viet Nam No Issues in Campaign

By MALCOLM W. BROWNE

SAIGON, South Viet Nam (AP)—Henry Cabot Lodge said today he doesn't see how the war in Viet Nam can be an issue in the U.S. presidential campaign—"It involves the Eisenhower administration and the Kennedy and Johnson administrations, and the Truman administration."

"In history when you've had a disaster," Lodge told newsmen, "then that becomes a political issue, even if the politicians do not do anything about it. But of course there's no outlook of that kind for the time."

Lodge announced his resignation as U.S. ambassador to South Viet Nam Tuesday and said he was returning to the United States to help Gov. William W. Scranton's campaign for the Republican presidential nomination.

The front-runner for the nomination, Sen. Barry Goldwater of Arizona, said in Washington that "the Johnson - McNamara program of indecision and vacillation has made it impossible for (Lodge) to carry out his ambassadorial functions properly and undoubtedly motivated his resignation."

But Lodge said he had been on excellent terms with President Johnson's administration. In an earlier statement Tuesday night, he said: "Viet Nam is on the right track and, with persistence, its freedom and independence will surely be achieved."

Lodge, Republican vice-presidential candidate four years ago said he is returning only to help Scranton, governor of Pennsylvania, and is "not a candidate at all."

"I am not going back at all in order to connive at anything for myself," he said. "I cannot be drafted and there are no hidden meanings."

he ambassador plans to leave Saigon Sunday, a year and a day after he was appointed by the late President John F. Kennedy.

A U.S. military source said the military command in Saigon expects intensification of the war against the Communist Viet Cong to result from the appointment of Gen. Maxwell D. Taylor, chairman of the Joint Chiefs of Staff, to succeed Lodge.

Sen. Kennedy Is Doing Fine

NORTHAMPTON, Mass. (AP)—Sen. Edward M. Kennedy's condition continued satisfactory today and his doctor said he drank a "little tea" this morning.

The late president's 32-year-old brother, who suffered a broken back Friday night when his plane crashed in Southampton, was bothered slightly by a tube in his mouth to aid breathing, is surgeon, Dr. Thomas F. Corriden, said.

Dr. Corriden said Kennedy's condition remained stable, that his pulse, blood pressure and respiration were all good.

The senator was visited for an hour this morning by his brother, Atty. Gen. Robert F. Kennedy, who flew to Washington after leaving the Cooley Dickinson Hospital.

Kennedy remained immobile in his orthopedic bed and will have to be quiet for 10 to 12 days to permit his back to heal.

Funeral services were held today for the two men who died in the crash.

Loss Checked Loss, It Was Total Loss

SAN BERNARDINO, Calif. (AP)—Richard Loss received a telegram from Seattle, Wash., asking for \$100. It was signed by his son, Richard Loss Jr. Loss wired the money. Then he realized something was wrong. His son lives in Princeton, N.J.

Loss checked with Loss Jr. and found he hadn't been to Seattle.

Loss lost no time in contacting authorities. It was a phony wire, they said. The \$100? A total loss to Loss.

Mississippi Braces for Invasion

EDITOR'S NOTE—Hit by violent racial outbreaks last summer, Mississippi officials have developed new techniques to meet a summer invasion of nearly 1,000 civil rights workers now under way. Here's a look at the changes, which the state hopes will avoid violence. Second of two parts.

By DUDLEY LEHEW

JACKSON, Miss. (AP)—While white citizens wait nervously for an increase in civil rights activity this summer, Mississippi officials have armed themselves with new laws and techniques aimed at averting violence.

Up until a few months ago, demonstrators usually were arrested the minute they appeared on the streets. In Jackson alone last summer more than 1,000 arrests were made.

But a new approach appeared this winter, inaugurated in Hattiesburg—let the demonstrators have police freedom of movement.

The lack of attention, police theorized, would wear thin the ranks of the participants.

In Hattiesburg, Canton, Greenwood and Clarksdale this plan was followed. Now only a few persons are still demonstrating in any form.

The state legislature, however, has added new laws, for use if needed.

And since it was called back into special session June 23 to deal with state-aided private schools, more laws could be added if trouble appears likely.

The biggest legal change, sought by Gov. Paul Johnson, added 200 men to the Mississippi Highway Patrol and gave the former traffic control agency police powers to be used only by proclamation in the event of racial disorders.

Another new statute, now facing a court test, prohibits picketing near entrances to government buildings. Several demonstrators were arrested under this law in Hattiesburg during a recent "Freedom Day" mass voter registration drive.

Johnson signed a law permitting cities to enter into mutual assistance pacts in times of racial duress in order for law enforcement agencies to marshal forces.

Some cities have entered into such pacts with Jackson because of its big police force and riot control techniques and equipment.

Other new laws permit cities to restrain movements of groups, set up curfews, ban the circulation of boycott literature and increase penalties for violating city ordinances to a maximum of 90 days in jail and \$300 fines.

The state penitentiary can now be used by cities and counties when local jails prove inadequate for large numbers.

Another side of the resistance coin is the secretive Ku Klux Klan.

Weekend cross burnings have dotted the state in the past few weeks apparently showing a highly organized segregationist group. Thus far, however, there have been no incidents or vio-

Scranton Turns South for Delegates

By RICHARD L. GRAVES

NEWARK, N.J. (AP)—Gov. William W. Scranton of Pennsylvania turned south today in his search for delegates to support him for the Republican presidential nomination.

The 46-year-old governor, seeking to overtake Sen. Barry Goldwater aimed his turbo-prop plane at West Virginia, 14 delegates, and Florida, 34 delegates.

Scranton hailed the announcement of support by Henry Cabot Lodge as a "tremendous step forward" in his campaign. Lodge resigned as ambassador to South Viet Nam and said he was returning home to help Scranton.

Scranton's aides said today's trip was aimed mainly at shoring up the uncommitted ranks in the two delegations. The secondary aim was conversion of delegates to the Scranton cause—particularly those now backing Goldwater.

Goldwater leads The Associated Press poll with 694 delegates, more than enough for nomination if he can hold them.

RFK Won't Run for U.S. Senate Post

By JOSEPH E. MOHBAW

WASHINGTON (AP)—Atty. Gen. Robert F. Kennedy begins a sentimental mission to Germany tonight on the heels of his announcement that he will not seek the Democratic senatorial nomination in New York.

Kennedy's brief statement Tuesday on the Senate race shed no further light on his future. But it left open the door to any invitation from President Johnson to join him as vice-presidential nominee on the Democratic ticket.

Thus ended long weeks of speculation whether Kennedy would accede to the urgings of New York friends and Democratic leaders, move to the Empire State and seek the nomination to run against Republican Sen. Kenneth B. Keating.

"I deeply appreciate the loyalty and friendship of those who have urged me to run and who believe I could perform a service for the people of New York," Kennedy said in a statement handed out at the Justice Department.

"However, in fairness to them and to end speculation, I wish to state that I will not be a candidate for United States senator from New York," he said.

There was little elaboration on Kennedy's statement from the Justice Department. But two key factors emerged as most influential.

One is the civil rights picture. Final passage of the rights bill, with all of its enforcement problems, is imminent. The beginnings of the "long, hot summer" in race relations already are evident. The attorney general is the nation's top civil rights strategist. He has committed himself to staying on the job through Johnson's present term. And his hands will be full of civil rights chores.

The second factor is his brother, Sen. Edward M. Kennedy, D-Mass., whose back was broken in a plane crash last week.

Tuesday's decision threw into sharper focus Robert Kennedy's role as head of the Kennedy family since the assassination last November of his brother, President John F. Kennedy. His injured younger brother—up for re-election this fall—will add to the demands on Robert Kennedy's time. And to run in New York, he feels, would require an immediate campaign.

The attorney general will speak this Friday on the first anniversary of John F. Kennedy's stirring speech to Berliners, when he proclaimed himself one of them in spirit. Robert Kennedy will speak from the identical spot in the John F. Kennedy Square in West Berlin.

From Germany he will travel to Poland, next to London, before returning during the first week in July.

In West Virginia, the Arizona senator has four delegates. Scranton has two and eight are uncommitted. In Florida Goldwater has 22; 11 are uncommitted, and one stands opposed to Goldwater.

Scranton was enthusiastic about the results of his delegate hunt in Delaware and New Jersey.

He claimed "far more than a majority" of the 12-vote Delaware delegation. Sen. Clifford P. Case of New Jersey told newsmen Scranton could expect a "big majority" of the 40-vote New Jersey delegation.

The Delaware delegation pledged itself officially to favorite son Sen. John J. Williams for the first ballot. New Jersey delegates decided to remain uncommitted, at least until after they meet with Goldwater in Trenton Monday.

Scranton met privately with the New Jersey delegates before addressing a \$100-a-plate Republican fund-raising dinner.

Rightists Arrested in Mississippi

JACKSON, Miss. (AP)—A spokesman for a civil rights organization said early today two civil rights volunteer workers had been arrested at Moss Point in southern Mississippi.

The spokesman, Bob Byers of the Council of Federated Organizations, said sheriff's deputies at Moss Point refused to give the charges over the telephone.

The Jackson County sheriff's office and city police at Moss Point and nearby Pascagoula

said they had no knowledge of any arrests.

Byers said the pair, identified as Ronald Ridenour, 24, of Venice, Calif., and Howard Kirchenbaum, of Long Beach, L.I., N.Y., had been arrested by sheriff's deputies.

Byers, whose organization coordinates activities of all major civil rights groups in the state, said three attorneys were en route to Moss Point to represent the pair.

Ridenour and Kirchenbaum were among some 175 summer volunteers, mostly college students, who arrived in the state over the weekend to work in civil rights projects.

Byes also said that a meeting hall for civil rights groups

Reds Pump Materials to Zanzibar

By DENNIS NEEDLE
ZANZIBAR (AP)—The Soviet Union, Communist China and East Germany are pumping men, money and machines into Zanzibar.

President Julius Nyerere of the new Republic of Tanganyika and Zanzibar is trying to assert his authority in the island 25 miles off the East African mainland.

Zanzibar's own president, Abubakar Karume, 59, a Moslem, probably has no deep love of communism. But the island leader, a seaman for 22 years, seems unversed in the ways of Communist infiltration.

Asked this month about Communists in positions of authority in Zanzibar, he replied: "What are one or two men? I have the power and I have my own eyes and ears."

Karume cites generous Communist aid as an indication of the bloc's friendship and says anyone who helps Zanzibar is welcome.

Some 150 technicians and experts from the Communist bloc are believed to be working.

British civil servants have been replaced. East Germans have taken over the Finance Ministry and are helping run the radio station, Information Ministry, schools and medical services. They are doing preliminary work on projects to rehouse thousands of Africans huddled in squalid shanties outside Zanzibar town.

The Red Chinese are firmly ensconced in the agricultural department and are planning rice growing and other farm schemes to reduce the island's dependence on cloves.

China has granted Zanzibar an interest-free loan of \$14 million, much of which will be in the form of equipment and services.

Soviet technicians have taken over running of the harbor and providing officers for Zanzibar's two coastal passenger ships. Soviet instructors are training about 400 recruits in the people's liberation army in the use of their new Soviet equipment.

Some of this was displayed at the big May Day parade, "but you didn't see all of it," says Maj. Ali Mahfoud, the army's Havana-indoctrinated second in command.

The army largely is officered by Zanzibaris of Arab origin and small groups have been sent behind the Iron Curtain for further training. Other Zanzibari troops reportedly are being sent to Indonesia.

As a result of Nyerere's influence, Zanzibari troops have discarded their Cuban-style caps and uniforms and now wear the standard green berets and uniforms of the Tanganyika forces.

Communist literature is everywhere. The Soviet Embassy hands it out to school children. The works of Mao Tse-tung crowd bookshelves.

The United States embassy has also been permitted to reopen its reading room since Zanzibar and Tanganyika agreed to unite.

Western diplomats are hopeful Karume's African nationalism may come out on top and that Western presence may slowly be re-established.

Buddhism
The religion of Buddhism arose in India during the 6th century B.C. and today is widely spread through Burma, Ceylon, China, Japan and Thailand.

Kittens to Cats

by N. JACK MIDDLETON
Purina Cat Care Center
Toys For Your Cat
A cat's sense of fun is one of its greatest charms. The simplest things intrigue cats. They stalk, pounce and tumble with a plain wad of paper for hours. A box to play hide-and-seek in or a catnip trinket will delight them.

Be sure that your cat's toys cannot be splintered, torn apart and swallowed. Give your cat a few toys to begin with and add new ones from time to time. This will keep him from becoming bored and destructive.

The Purina Cat Care Center suggests a few of the toys which your cat will enjoy:

- celluloid ball that rattles.
 - cellophane and catnip bag.
 - a spool attached to a strong piece of string and hung from a chair or doorknob.
 - a rubber mouse that squeaks.
- Be careful of catnip. It draws, trunks and closets. Cats love to play in and investigate warm, dark spots and are often unwittingly imprisoned.
- Also, if you tie a ribbon around your cat's neck remember that it can be dangerous as ribbons are easily caught and pulled tight. If your pet wears a collar outdoors for identification purposes, be sure it is large enough to slip over the head if necessary.

Huge Space Train Ship Constructed

DOWNEY, Calif. (AP)—Scientists here are building what they call the world's largest centrifuge—a machine so big it can take four men on 30-day simulated space flights.

Two capsules mounted at any point on the 150-foot rotating arm each will carry two men, equipment and provisions sufficient for a month's spin, scientists say.

Researchers hope that studying human reactions to the prolonged rotation will give them clues on how man can live and work in space.

Price Flurry Signs Eyed for a Rally

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—Stock market chartists are eyeing every price flurry for signs of the traditional summer rally.

Steel production is sliding fast toward the still more traditional July doldrums.

Many factories are preparing for the newer but growing tradition of a vacation shutdown of one, two or three weeks.

The auto industry is preparing for the summer model changeover.

Hot weather sport and recreational items are selling fast.

Tourists jam New York streets and scramble for hotel rooms. Summer camps shore themselves up for the annual rush of school-free youngsters. Highways to beaches and mountains are even more jammed than ever.

Summer is coming in just like always—almost. There are some differences this time.

Stock prices already are around record highs—if you measure them by the popular averages. But many shares are far below their highs. It's the blue chip type, favored by the popular index and by many institutional buyers, that has attracted most buying interest this year.

Steel's output slide—already some 6.5 per cent from its year's high of late May—seems sure to go on into July. But this summer the steel men think the dip, however steep it seems now, may prove to be comparatively shallow and short-lived. Optimism, born of a good cushion of orders, is strong for a big fall upturn.

The factory shutdowns for vacations are taking a new look also. The trend toward longer vacations continues, and so does the practice of closing down so that everyone takes them all at once. The total of idle production days may be greater. But because of the business upswing some companies are trying divided vacations—a week in July, another at Christmas, or at some date when the backlog of unfilled orders is less impressive.

The auto changeovers this summer are complicated by reports that models revisions will be more extensive than in many years. But even more unsettling is the labor negotiations soon to start. Because of this, production right now is probably higher than it would otherwise be, and the chances of a strike cloud the late summer prospects.

Dorsey Campaigns at Texarkana
TEXARKANA, Ark. (AP)—Odell Dorsey of Sheridan campaigned here and in Lewisville Tuesday, and said the state deserves a government that is for the people.

Dorsey, a candidate for the Democratic nomination for governor, said Arkansians have been "used long enough for the personal gain of the favored few."

"We've been living in the past and on the past long enough," he said. "It's time to shake off the apathy that has stifled change and progress within the Democratic Party in Arkansas and move forward into Arkansas' bright future."

Marine Hunt Is Called Off
LITTLE ROCK (AP)—Law enforcement officers called off Monday night a large-scale manhunt south of here for a Marine listed as absent without leave.

The Marine was identified as David Anderson, 17, of Owensboro, Ky., by Maj. Paul McDonald of the Arkansas State Police Criminal Investigation Division.

Some 30 sheriffs deputies, mounted officers and State Police began a search for the youth Sunday after a youth fitting his description abandoned a stolen car and burglarized a house at Little Rock.

Needs Laws to Regulate Smoke Ads

WASHINGTON (AP)—Senate General Luther L. Terry told Congress today more legislation is needed before the federal government can regulate the advertising and labeling of cigarettes.

He testified also that any such authority should be given to the Food and Drug Administration rather than to the Federal Trade Commission. The FDA, like the Public Health Service which Terry heads, is under the Department of Health, Education and Welfare.

Terry's testimony before the House Commerce Committee drew sharp opposition from another witness, Sen. Maurice B. Neuberger, D-Ore.

"One wonders," she said,

"just how serious the department's urge to regulate really is."

The Federal Trade Commission recently completed hearings on its proposals to require that cigarette packages carry a warning that smoking may be injurious to health, and otherwise to regulate advertising claims.

Mrs. Neuberger urged Congress to "do nothing which would obstruct or impede the implementation" of either the FTC program or a Public Health Service plan for mass research and education on smoking.

But Terry testified that the Department of Health, Education and Welfare believes that more legislation is needed to give the FTC authority to regulate cigarette advertising.

And he added that the regulation of cigarette labeling should not be in FTC hands, at all, but rather under the FDA.

welfare department to seek new legislation might result in no regulation of cigarettes at all.

"It would be tragic," Mrs. Neuberger said, "if regulations so significant to the health of Americans should fall victim to a petty jurisdictional dispute."

Another witness, Rep. Horace R. Kornegay, a Democratic member of the committee, who comes from tobacco-growing North Carolina, said the tobacco industry had been convicted by the Public Health Service on "insufficient evidence" in its report on smoking and health last January.

Kornegay asked the committee not to "condemn thousands of our people to squalor" by destroying the tobacco industry.

Mrs. Neuberger, however, told the committee, "We have to weigh human life and its economic value against the value of a single industry."

Divorcees Want to Keep Dog

LEXINGTON, Ky. (AP)—Rorschach, an 8-year-old Dalmatian, will spend the summer alternating between a sumptuous home with a splendid picture window and a leading thoroughbred farm.

His master and mistress, Thomas E. and Bessie Hager Masters, are being divorced and each wants sole possession of the animal.

Masters says he has a concrete block doghouse with a picture window for Rorschach at his home at nearby Nicholasville. Mrs. Masters says she would keep the dog at Maine Chance Farm near Lexington.

Circuit Judge Nolan Carter ruled Tuesday they would alternate possession monthly, with

Loses Arms, Legs But Still Alive

LOS ANGELES (AP)—Two women watched Tuesday as a teen-age boy leaped from car to car on a slow-moving train—then slipped and plunged to the tracks.

"I shouted to him, real loud, to lie still and not move," said Mrs. Lois Walsh.

The boy apparently heard. He ducked his head.

Then, said Mrs. Walsh "something beneath one of the cars caught him and turned him over and over beneath the wheels."

train's wheels had amputated his arms and legs.

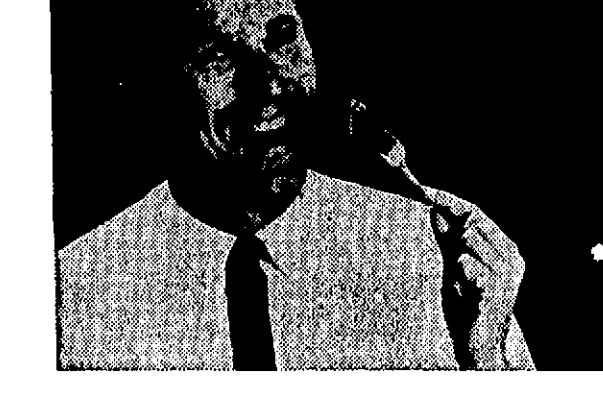

Then attendants detected a spark of life. Walter, 13, was hospitalized. Five surgeons battled to keep him alive. In a corridor outside, his mother, Ann McGruder, 42, waited. "My boy is strong," she said. "He's very husky. I'm sure if anyone can pull through this, he can. He's a real boy."

Life in Arkansas

By J. C. TILLMAN
Associated Press Writer

Chris Graham, a Little Rock communications worker, has found the ultimate in paycheck deductions.

While on vacation recently, he attended a union convention at Cleveland, Ohio.

The company doesn't pay employees while doing union duty, but not all of the week was devoted to the convention, so Graham had a partial payment coming—\$1.50, to be exact.

When he received it, the paymaster had deducted \$1.45 for income tax, and a nickel for social security.

Joe McGee, editor of the Conway Log Cabin Democrat, sorted out his mail the other day and came across this item:

"Someone borrowed Mrs. Blank's kraut cutter and forgot to bring it home and she needs it."

Joe didn't know whether the item was meant for "news" or was the basis of a classified advertisement. He decided on the news angle.

He still doesn't know whether the kraut cutter got back home.

Joe came across another item in the misplaced department.

Mrs. C. V. Robinette received a silver pitcher in the mail and the postmark showed it came from Niagara Falls, N.Y. No card was attached to the package.

Mrs. Robinette and her husband, I retired biology teacher figured the least they could do was give the Democrat a story thanking the sender, whoever he or she was.

A week later the Robinette's son telephoned from Denver, Colo. He had read their article in the Democrat and figured he'd let them know he sent them the pitcher.

The catch was: He bought the thing in Seattle, to be mailed to Conway, and couldn't figure either how it got sent there from Niagara Falls.

An out-of-state suggestion picked up for consideration by Ozark crafts workers.

In Mexico craftsmen hollow out pecans, carve holes for eyes, ears, nose and tail, they stick four matchstick legs on the nut, to make a "pig."

They carve little sticks of wood for the eyes, ears, nose and tail and fix them so they wiggle loosely in the holes.

The purchaser doesn't have much of anything resembling a pig.

But when he catches a fly and puts it in the nut (by removing the pin that serves as a nose) he can flip watching the gyrations of the eyes, ears and tail as the insect buzzes over them.

Trip Financed by Trade Stamps

MEMPHIS (AP) — An Arkansas mother and her daughter were en route by plane today to Australia compliments of 500 books of trading stamps.

Mrs. Raymond Wheelis of Paragould, Ark., a war bride who hasn't seen her native Australia in nearly 20 years, and her 16-year-old daughter Diane, boarded a commercial airline here Tuesday for the flight to Melbourne.

They will visit relatives and live with Mrs. Wheelis' parents for a month.

The trip is costing 500 books of trading stamps, which financed the round trip plane tickets, and \$1,800 in cash. The bank where Mrs. Wheelis works started the project with a \$500 contribution. Paragould residents did the rest, getting trading stamps and money with suppliers and auctions.

Mrs. Wheelis' husband, who works at an automobile tire company at Paragould, and Di-

THE LONGEST ROAD—When the Trans-Canada Highway opened in 1962, it was the first time Canadians could drive completely across their country. At about 5,000 miles, it is one of the longest paved roads in the world. Aside from connecting the country's coasts, it offers Canadians—and Americans, too—pleasant sight-seeing journeys. It is a major access to several of Canada's most beautiful Rocky Mountain parks, and it runs through wilderness areas in Ontario.

Vietnam Okays Pick of Taylor

By PETER ARNETT

SAIGON, South Viet Nam (AP)—Premier Nguyen Khanh told his people today: "The free world countries are right at our side and if necessary will acknowledge the problem of communism right at its roots."

His statement coincided with a declaration from Peking that "the situation in Indochina has become increasingly grave in the past few days," he said.

"In disregard of the serious protests of the Laotian and Chinese people, the United States is continuing its wanton bombing in Laos and stepping up its preparations for new military ventures in southern Viet Nam."

Following Taylor's appointment, editorial writers in Tokyo were taking a close look at Indochina — which Japan ruled in World War II.

The paper Asahi said the United States seemed to be adopting a policy of force in order to improve its position for a presumed political situation after U.S. elections. The Daily Yomiuri said there is the possibility that Chinese "volunteers," in the style of the Korean War, will go to North Viet Nam if the United States bombs its capitol, Hanoi.

The Japan Times spoke hopefully of a policy that will not result in expansion of the area of conflict.

Both Communist and non-Communist papers in Hong Kong predicted the United States will step up its military activities in Southeast Asia.

The possible political aspects of the Viet Nam war were dis-

A Red Chinese broadcast from Peking said the Communist vice premier, Chen Yi, spoke of U.S. preparations for "new military adventures."

"The situation in Indochina has become increasingly grave in the past few days," he said. Bob Thomas at the Movies

By BOB THOMAS

AP Movie-Television Writer HOLLYWOOD (AP) — Ten years ago, a young Texan without much more to his name than the guitar on his back suddenly found himself famous as Davy Crockett.

His salary for making three one-hour television shows as Davy was \$350 per week, to which was added \$150 a week for signing away his future rights to the films. In all, he earned about \$6,000 as star of one of the greatest successes in television history.

Fess Parker will be drawing approximately \$6,000 in his first week as Daniel Boone in the new NBC series produced by 20th Century-Fox.

Times have changed — and thank heaven, sighed Fess as he relaxed before this week's start of the hour series. His relaxing grounds are impressive: a rambling, tile-roofed hacienda in the higher reaches of hilly Bel-Air.

His talk may still be backwoods, but Fess has cottoned to city ways. "We're still working out a couple of items in the contract," he reported. "One of them has to do with merchandising, and it's mighty complicated. But I'm sure we'll find a solution."

That's for darned sure. If "Daniel Boone" succeeds—and there's a lot of important money riding on its chances—its backers foresee a boom in merchandising products with the Boone imprint. All those unsold Crockett coonskin caps will be on the market again.

That brought up the question: Just how different will Boone be from Crockett?

"Not very," Parker confessed. "This show probably wouldn't be going on the air if NBC hadn't broadcast the three Crockett films at the end of last summer. They created such a sensation all over again that a new series was suggested."

Miss America at Jaycee Meet

DALLAS (AP) — Mrs. Winthrop Rockefeller and Miss America, Donna Axum of El Dorado, Ark., put in appearances here Monday at the national convention of the U.S. Junior Chamber of Commerce.

Mrs. Rockefeller, wife of the Arkansas Republican gubernatorial candidate, appeared on a mental health and mental retardation forum. She is a vice president of the National Association for Mental Health.

Miss Axum had no comment when she was asked what she thought of the new topical bathing suits for women.

Claims Coast of Cuba Is Mined

MIAMI, Fla. (AP)—The Exile News Service claimed today that Cuba's northwest coast has been mined to prevent anti-Castro landings and to keep Cubans from fleeing the country.

The service, quoting underground sources, said mines have been placed 600 feet apart along the Pinar del Rio Province coast that faces Florida.

Television and Radio

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP)—A number of television viewers of the New York area were scandalized by the man playing Dr. Alex Stone, who as everybody knows had been married for — years seen years on the ABC "Donna Reed Show" alone—chasing around everywhere in the company of a good-looking brunette.

The truth is, Dr. Alex Stone—the character played by Carl Betz—was on his honeymoon and the first part of a trip that will take him and his bride, Gloria, to Greece, Italy and Britain. The honeymoon is long overdue, for Betz and his artist wife have been married for six months.

Television situation comedies, particularly those with the eternally popular family set-ups, can easily turn out to be mink-lined, air-conditioned prisons for actors. Not only does the constant exposure of an actor in one role year after year tend to typecast him in the industry but the character is likely to obscure the performer.

Betz, Pittsburgh native who started playing summer theatre stock near his home town, is aware of the difficulty and works to prevent such a fate. Last season, for instance, he devoted five months—every week-end night from Thursday on—

appearing on a Los Angeles stage in two avant-garde plays. Samuel Beckett's "Krapp's Last Tape" and Edward Albee's "The Zoo Story."

"It's my way of keeping my sanity," Betz explained with a smile. "After such a long time in one part, an actor is in great danger of playing so casually—giving such a naturalistic performance—that it is almost lethargic."

Betz (whose hobbies are tennis and baseball watching) believes that predicting the success of a television series is rather like handicapping a horse race. The best horse, under certain conditions, usually wins.

The Donna Reed Show when it started seven seasons back had a slow start. In fact, it was on the verge of being canceled when it began, slowly, to build its audience.

Through the years, Alex Stone's family has had considerable change. A daughter, played by Shelley Fabares, outgrew her role and departed—ostensibly to college, but actually out to a career on her own. Patty Petersen, aged 8, was introduced originally as a visitor, but now has been integrated into the cast as the Stone's own. "People have accepted it and I never get mail asking about the foster child thing."

Betz gives all the credit to Miss Reed and her husband, Tony Owens, producer of the show.

Supervisor Provides Water

LITTLE ROCK (AP) — Jack Wilson lugged two five-gallon jugs of water to W. A. May and his neighbors here Monday.

The city found itself unable to provide water to the area where May lives. Wilson said, May "sounded so pitiful I filled the jugs and took it out for him and his neighbors."

Wilson considered it part of a day's work. As engineer, manager of Little Rock's water department, Wilson supervises the distribution of millions of gallons of water daily for the city.

DeGaulle Welcomes Cambodian Chief

PARIS (AP) — French President Charles de Gaulle personally welcomed Cambodia's chief of state, Prince Norodom Sihanouk, today for a three-day state visit.

De Gaulle and the Cambodian ruler are expected to stress neutralization for Southeast Asia. Both France and Cambodia support neutralization as the only feasible solution to the war in South Viet Nam.

Don't Know What U.S. Is Heading Into

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — President Johnson's tough talk about stiff-arming the Communists in Viet Nam and his appointment of Gen. Maxwell D. Taylor as ambassador there is doubly useful to him.

But what the rest of the country doesn't know—and perhaps the Johnson administration cannot tell, either—is what the United States is heading into in Southeast Asia.

If this country gets directly into the fighting there—with a presidential campaign coming

up—there's no way to predict what this will mean to Johnson's chances for re-election.

But the tough talk and the Taylor appointment will keep the Communists guessing, if it doesn't discourage them, and both will be talking points for Johnson if the Republicans complain he isn't showing enough muscle.

Taylor, chairman of the Joint Chiefs of Staff and this country's top-ranking military officer, is credited with being a tough and brilliant officer.

He succeeds Henry Cabot Lodge who resigned to come home and help Pennsylvania's Gov. William W. Scranton try to win the Republican presidential nomination against Sen. Barry Goldwater.

Goldwater has been acutely critical of the way the administrations of both President John

F. Kennedy and Johnson have handled Viet Nam. He has suggested pretty drastic action, more than Kennedy or Johnson were willing to take yet.

If Goldwater wins the nomination over the efforts of Lodge and Scranton, he won't have to soft-pedal his criticism. But if Scranton gets the nomination, the Republican party in general will be in poor position to make Viet Nam an issue, and for this reason, Lodge in his letter of resignation to Johnson highly praised his Vietnamese policy.

In that letter Lodge said among other things:

"My thanks to you for your unfailing devotion to problems connected with American policy in Viet Nam, for your guidance, courtesy . . . although in a dangerous position, the republic of

Choral Group Going to 4 Countries

BATESVILLE, Ark. (AP) — Ten members of the Arkana College Lassies, a choral group, will leave Saturday on a five-week USO tour of Greenland, Iceland, Labrador and Newfoundland.

Mrs. Paul Gray of Batesville is director of the group. Members are Sharon Floyd of Brockwell, Mayola Satterfield of Brinkley, Charlotte Thompson of Texarkana, Judy Mervise of Independence, Mo., Ginni Tucker of Albuquerque, N.M., Emily Turner of Homer, La., and Lucy Lyn Jeffery, Paula Melton, Jenny Engles and Ida Sue Hicks, all of Batesville.

The Lassies are one of 20 college singing groups chosen for USO tours this summer.

Mill Gets Money for Rebuilding

FORT SMITH, Ark. (AP) — O. K. Feed Mill, Inc., obtained a \$90,000 building permit Tuesday to rebuild its plant which was destroyed in a fire and explosion earlier this year.

Plans filed with the city building permit Tuesday to rebuild its plant which was destroyed in a fire and explosion earlier this year.

Plans filed with the city building inspector call for a five-story building with 14,000 square feet of floor space. It will be built south of the firm's old mill.

Fort Smith voters recently defeated a proposed Act 9 bond issue to finance a new plant for the company.

AWOL Marine Spurs Manhunt

LITTLE ROCK (AP) — An AWOL Marine who spurred a manhunt in the Little Rock area Sunday and Monday has apparently left the area, Chief Deputy Sheriff Sam Hallum said Tuesday.

A search for a man identified by officers as David Anderson, 17, of Owensboro, Ky., started Sunday after a stolen car was abandoned south of Little Rock and a house in the area burglarized.

Hallum said a car was reported stolen late Monday in the same area and was later found at Hot Springs. About the same time the car was found, Hot Springs police reported another car theft about five blocks away.

Blanche Doster, executive secretary of the June 3 review, declined to identify the would-be contestant.

Barry Says Europe Misunderstands

ROME (AP) — Sen. Barry Goldwater has written an Italian magazine that much of the European press seems to misunderstand his foreign policy views. He said his was substantially the Dwight D. Eisenhower — John Foster Dulles policy.

The Arizona senator, now seeking the Republican nomination for the U.S. presidency, wrote to Lo Specchio, a conservative weekly. It published the letter in its current issue.

Critically Hurt in Accident

NEWPORT, Ark. (AP) — Barney Smith, 40, of Newport was critically injured Tuesday when his light plane stalled and crashed in a pasture near here.

Officials at a Memphis hospital said Tuesday night he was in critical condition.

The plane crashed near Weldon, 11 miles south of here, and burned. Smith pulled himself out, but was badly burned. He was sowing seed when the plane engine stalled.

Viet Nam is on the right track.

"Persistent and patient execution of existing civil and military plans will bring victory."

American talk about stopping the Reds from taking over Southeast Asia has become increasingly tough although how far the administration is actually willing to go has never been clear.

Johnson told a news conference Tuesday: "The United States intends no rashness and seeks no wider war. But seeks no wider war. But the United States is determined to use its strength to help those who are defending themselves against terror and aggression."

The Reds could read what they wanted to in that statement but Johnson seemed to assume they understood he meant business for he told newsmen: "I think they are aware of our attitude and that they have no doubt about our policy or our position."

SIDE GLANCES

"I'm afraid I'm just routine, doctor—but out there you've got a jaundice, a bursitis, and a pregnancy, if I'm not mistaken!"

"DEAR ABBY"

SPEAK UP NOW!

By Abigail Van Buren

Dear Abby: My husband is a highly respected professional man. My problem is his secretary. When I telephone my husband at his office, she always gives me some fresh answer, such as, "Yes, I'm sure he's here, because I am sitting on his lap."

Once when I asked to speak to my husband, she said she would see if he was in condition to talk after chasing her around her desk all morning. I have never given this woman the impression that I like this sort of thing and I am always too embarrassed to think of anything to say to her. I want to be considered a good sport but I do not wish to put up with any more of this. How should I handle it?

Dear Puzzled: Tell your husband exactly what his secretary has said to you. And if she isn't shipped out—or shaped up in one big hurry—your problem is a lot more serious than you think it is.

LOSING OUT

Dear Abby: I have been going steady with this girl for 14 months and I have kissed her only 11 times. Do you think this is good? Anyone else does that in ten minutes. I am 16 and she is 15. She doesn't have any reason to be afraid of me because I am not rough or anything like that. She told me over the phone last night that she wanted to break up with me. I started to cry on the phone and I told her that I loved only one girl, and she was her. Should I let her go and look for someone else? I can't make up my mind.

Dear Losing: Perhaps you are still a little too young to go "steady" with anyone. Why not play the field and date several girls and make comparisons?

Dear Abby: Is it or is it not in good taste to apply make-up at the table after dining in public? I once sat at a table with a young woman who took out jars and tubes of creams and paints as well as an assortment of paint brushes. Then she proceeded to outline her eyes and paint her lips as an artist would apply paint to a canvas. Your answer is desperately needed in this city.

Dear Chicago: It is permissible to retouch the lips quickly in public. But if a whole new paint job is required, it's best to take the primer, paint, varnish and brushes into the ladies' room and work privately.

Dear Abby: Our son, who is married and living out of the city, has never given his father anything for Father's Day. Nor has he ever remembered me with so much as a card or a telephone call on Mother's Day. Our birthdays and anniversaries are ignored also. We never fail to send him, his wife, and their children lovely gifts for all occasions. Knowing that friends and relatives would ask me what our son sent us for an occasion that called for a gift, I would buy something very costly and pass it off as a "gift" from our son. He will pay for them in the end, however, because I have been keeping track of the cost, and instructions have been left in our will that after Dad and I are gone the cost of those items shall be deducted from whatever we leave. I thank you.

Convicted Slayer Granted Appeal

LITTLE ROCK (AP) — Associate Justice Ed F. McFaddin of the state Supreme Court granted an appeal of the first-degree murder conviction of James Dean Walker Tuesday. The action automatically postponed Walker's scheduled July 13 date.

Walker, 23, of Reno, Nev. was convicted for the April 1963 shooting of Jerrell Vaughan, a North Little Rock patrolman. Walker was formally sentenced Monday to die in the electric chair.

30 Million Chicks Grown in May

LITTLE ROCK (AP) — Commercial hatcheries in Arkansas produced 30,180,000 chicks during May, the Crop Reporting Service said today. The total was 15 per cent higher than the May, 1963, hatch and 68 per cent above the 1958-62 May average.

Pig Production Off

By THE ASSOCIATED PRESS
WASHINGTON (AP) — The Agriculture Department said Wednesday that spring pig production in Arkansas has decreased by 43,000 head less than 1963. Last year's production was 230,000 head compared to 187,000 this year the department said. It said national pig production decreased by eight per cent less than 1963.

You're Only 6 once, Fortunately
Louisville, Ky. — The one good thing about Jeffrey Whitaker's sixth birthday was the cake.

The celebration included a aboard the excursion steamer Belle of Louisville, with Jeffrey taking along 12 neighborhood companion as guests.

Like any good host, he let them go aboard first while he waited with his mother, who clutched a big birthday cake.

When they stepped on the gangplank the crew barred their way, explaining the boat was full. No amount of pleading could change things.

A group of professional actors tried to assuage the lad's disappointment by posing with him and singing "Happy Birthday." The boat then sailed without mother and son.

More bad luck lay ahead for Jeffrey. When the papers came out the next day, the picture was there — but the editors had cropped him out of it.
